Bible App · iOS & Android

FOR SCHOOLS, CHAPEL
& STUDENT GROUPS

Read the Bible. **Aloud.** **Together.**

A free Bible app designed to help students read complete Bible stories aloud in groups.

One story. Four colours. Every student has a part.

SourceView Together gives each voice in Scripture a different colour, making it easy for students to read a Bible story aloud together.

Four students take a colour. The app shows who speaks, so the group can simply follow along and read.
